Ross Bentley is a skateboarding slacker, who has hardly any real friends, communicates with his father by grunting and hates his job in the local supermarket. Ross also has the gift of telekinesis but has always kept it hidden, even from those closest to him. That all changes when he learns of The Million Dollar Gift, a contest in which the organisers have challenged anyone to prove they have a superhuman skill. Any applicant who is successful will receive one million dollars prize money.

Ross can't let this opportunity go by and enters the contest. He stuns the organisers by passing every test and wins the prize money. All does not go according to plan though; Ross's identity was supposed to be kept secret but when his test videos are leaked onto the internet he becomes a sensation.

Within twenty four hours the entire world knows his name and what he can do. But fame is not all he has to deal with. He has attracted the attentions of others who have the gift, and not all of them are happy about his arrival on the scene.
