## **A Brief History of the Bodleian Library** Mary Clapinson

The University of Oxford's Bodleian Library has become one of the most celebrated libraries in the world, boasting a collection of nearly twelve million books and manuscripts and a fascinating history that spans more than four hundred years.

*A Brief History of the Bodleian Library* takes readers through the Library's history, from its founding in 1602 by Sir Thomas Bodley to the present day. Along the way, the book traces the development of the Library's incomparable collection, complete with details that reveal the eccentricities of those who have helped shape it, including Bodley himself, who conceived of the Library as a "republic of the learned," and King George VI, who inadvertently delayed the opening of the New Bodleian in 1946 when he broke the key in the lock. Covering the major moments in the Library's history and with a great many fun facts—How did the Library come to own not one of Shakespeare's First Folios but two?—the book also apprises readers of its present concerns, including the building of individual subject libraries across Oxford, the use of underground passages, and the perennial search for more space.

#### **Fannie Vincent:**

As a student exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's heart and soul or real their pastime. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading really. Any students feel that reading through is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this A Brief History of the Bodleian Library can make you feel more interested to read.

#### **Harold Karr:**

Many people said that they feel weary when they reading a guide. They are directly felt the idea when they get a half parts of the book. You can choose the actual book A Brief History of the Bodleian Library to make your own personal reading is interesting. Your current skill of reading proficiency is developing when you like reading.
