Practical Pediatric Hematology Sachdeva Anupam

The second edition of this book Practical Pediatric Hematology has incorporated the latest advances. The book is written in an easy-flowing manner, making it immensely readable and easy-to-understand. This book will be an excellent addition to the bookshelf of every pediatrician and postgraduate students. This book is set-up as easy-to-read chapters on Pediatric Hematology. The chapters have been authored by experts in the field. In this book whole concept is well thought, well conceived, well planned and well executed. The case-based discussion while teaching the skills and the hands on experience are two unique features of this book. The book will be a good desk companion for the delegates while solving the mysteries of Pediatric Hematology cases. The delegates will be better empowered to deal with pediatric hematology cases after attending the workshop. This book is well illustrated and has many pictures and diagrams and will go a long way in improving the standard of care in hematological disorders of children. This book will be of use not only to the postgraduates of pediatrics but also will be of immense use to a general pediatrician as a ready-reckoner to be kept on his desk.
