Instant Weather Forecasting: You Can Predict the Weather

Alan Watts

Instant Weather Forecasting: You Can Predict the Weather Alan Watts

Instant Weather Forecasting has been a perennial bestseller since it was first published nearly 50 years ago. A brilliant concept, its winning formula of 24 clear colour photographs of cloud formations and their accompanying explanatory text enables the reader to read the sky, pick up the clues, and predict what the weather will do.

This revised and updated 5th edition takes into account the new ways users can receive professional weather forecasts, factor them into their own cloud observations, and develop an even better understanding of how the weather will change.

This bestselling gem of a book will continue to be invaluable to anyone participating in outdoor activities, from farming, gardening and walking to riding, golfing, flying, sailing, fishing - and of course holidaymakers.
