History Of The Consulate And The Empire Of France Under Napoleon Vol. VI [Illustrated Edition]

Marie Joseph Louis Adolphe Thiers

The product of twenty years of laborious hard work, this is the definitive work on Napoleon and his times at the helm of the French Nation, written by no less than the first President of the Third Republic.

Thiers moved in the highest circles of society and met with many of the surviving generals and statesmen of France and her opponents and wove their recollections into this monumental history. Filled with a particularly Gallic flavour without going into hero-worship, this multi-volume history has stood the test of time.

In this sixth volume Napoleon struggles to fight on two fronts with his armies stuck in attritional struggles in Spain and Austria attempting to reconquer their lost territory in 1809.

Includes the Napoleonic Wars Map Pack with over 155 maps and plans following the military career of Napoleon.
