Inside-Outside Dinosaurs Roxie Munro

There is a giant dinosaur, a flying reptile, a dinosaur with plates and spike on its body, and even baby dinosaurs cracking out of their shells. There is a ferocious dinosaur that eats meat and vegetarian dinosaurs that hide from the carnivores. Look inside the dinosaurs and you'll see a dynamic view of eight dinosaur skeletons. Look outside the dinosaurs and you'll see sweeping paintings of these creatures as they once lived on our planet. But watch out for the T-Rex! Fun facts, a list of further reading, and online resources are also included.
