The United States government wants Treasure's head on a platter. Wanted for escaping from prison, murders, robberies, and car jackings, she knows that the reward for her capture is too great for her to be able to trust any person. She has been all over the country trying to find a safe haven, but it seems that trouble continues to find her no matter where she goes. Despite all of the madness that takes place, in essence she is still a woman. And no matter how bad she wants a man to be there for her, she knows that for the amount of money that the government is offering for her capture; she would turn her own self in. But that doesn't stop her from wanting someone. That doesn't stop her from naturally wanting to feel like a woman. This is pure romantic adrenaline rush at its finest, and with an ending so sharp, that it will make you throw your Kindle into the wall in disbelief.
