Animals, Work, and the Promise of Interspecies Solidarity K. Coulter

In this thought-provoking and innovative book, Kendra Coulter examines the diversity of work done with, by, and for animals. Interweaving human-animal studies, labor theories and research, and feminist political economy, Coulter develops a unique analysis of the accomplishments, complexities, problems, and possibilities of multispecies and interspecies labor. She fosters a nuanced, multi-faceted approach to labor that takes human and animal well-being seriously and challenges readers to not only think deeply and differently about animals and work but to reflect on the potential for interspecies solidarity. The result is an engaging, expansive, and path-making text.
