Lulz, a young italian hacker, on commission, sets up an online trap in the shape of an Astrology website to steal Giulia's personal information. However, the trap is so well designed that it ends up entangling everybody in this girl's orbit and Lulz, thanks to his computer skills and a good dose of cynicism, becomes 'the hand of fate' that steers their lives, revealing betrayals and orchestrating showdowns, until he himself is entangled in Giulia's existence and in the overpowering fondness that grows towards her.

Computer hacking and emotions, a work of contemporary fiction, an entertaining and romantic story, a fast-paced tale that keeps you hooked to your e-reader right to the end.
