In his bestseller *Affluenza*, David Wann and his co-authors diagnosed the debilitating disease of over-consumption. In *Simple Prosperity* he shows readers how we can overcome this disease by investing in a variety of real wealth sources. To recapture a more abundant and sustainable lifestyle, try:

- Creating a richer life story through personal growth incentives
- Forming higher-yield friendships and stronger bonds through social capital
- Taking preventive healthcare measures to build up wellness reserves
- Balancing the biological budget through "greener" currency
- Caring for people, not just cars, to improve your neighborhood wealth index
- Resolving that pesky carbon conundrum through energy savings
- Celebrating instead of desecrating! Cultural prosperity futures value the earth as a sacred place

In our age of hedge fund hysteria, *Simple Prosperity* is a new way of investing that will save our sanity and the planet.
