Telescope

Sandy Florian

Telescope Sandy Florian

Poetry. Latino/Latina Studies. "In her marvelous debut, Florian tackles the "clang and bang" of our inattention with a linguistic instrument so fine the pages appear to have been etched. Think Durer offering up the bits and achingly rich pieces of his Melencolia I, or Schongauer filling the air with his intricate demons...Telescope will teach your eyes something new"--Laird Hunt. "A wondrous book, filled at every turn with pleasures and astonishments. It makes one love the world all over again"--Carole Maso. Of Colombian and Puerto Rican descent, Sandy Florian was born in New York and raised in Latin America. She holds an MFA from Brown and is a PhD candidate at Denver University. This is her first book.
