**Formas modernas de la intolerancia: De la discriminación al genocidio (Claves. Sociedad, economía, política) (Spanish Edition)** Isidro H. Cisneros

En este volumen se articula un discurso consistente, con peso teórico, que explica los procesos subyacentes al conjunto de horrores que conocemos a través de medios informativos: guerras, xenofobia, discriminación, sexism, racismo, marginación económica, devastación ecológica e intolerancia religiosa.

Tendencias éstas que se aprecian en todos los puntos de un mundo globalizado: depuraciones étnicas en la antigua Yugoslavia, opresión de los indios en diversas naciones de América y sociedades esclavistas de facto en el sudeste asiático —por mencionar sólo unos casos—, y alcanzan su máxima expresión en el enfrentamiento entre el mundo occidental y el fundamentalismo islámico, en el que ambas facciones se han negado a reconocer la otredad de su enemigo.

Este panorama contrasta, de acuerdo con la principal tesis del libro, con una modernidad en la que, según se nos quiere hacer creer, todo eso ha quedado abolido, mientras, en realidad, el mal reina con la misma intensidad impune.
