## **Gustav Mahler: Symphony No. 7 in Full Score** Gustav Mahler

Among the most popular of Mahler's symphonic works, the 7th Symphony has neither a "program" nor a folk-song theme. It is a purely instrumental composition, both hopeful and romantic in feeling. The restrained mood and thematic economy of the symphony make it one of the least extravagant of the composer's works; it is also one of the most enjoyable.

Despite the lack of a "program" for the 7th, some critics profess to find that "a good case can be made out for the symphony as a whole having been consciously built round the poetic idea of nocturnal nature, progressing through various shades of darkness" (*New Grove's Dictionary of Music and Musicians*). Now musicians and music lovers can make their own determination by studying this inexpensive edition of the complete score, reprinted from the authoritative German edition of 1909.
