Bothered and Bewildered:: Enacting hope in troubled times Ann Morisy

The post-'post-modern' period seems to be characterised by the assault of fear. Markets crash, addiction and obesity rates soar, nature suffers and we have lost confidence in nations and government. Bothered and Bewildered offers an analysis of our present dystopian situation that is both realistic and hopeful. Ann Morisy maps some potential responses and shows that the Christian faith, re-envisioned, can provide a resource on which to draw as we fumble for a way forward that is both imaginative and engaging.
