## Handbook of the Clinical Psychology of Ageing

The first authoritative reference on clinical psychology and aging, the *Handbook of the Clinical Psychology of Ageing* was universally regarded as a landmark publication when it was first published in 1996. Fully revised and updated, the *Second Edition* retains the breadth of coverage of the original, providing a complete and balanced picture of all areas of clinical research and practice with older people. Contributions from the UK, North America, Scandinavia and Australia provide a broad overview of the psychology of aging, psychological problems (including depression, anxiety, psychosis, and dementia), the current social service context, and assessment and intervention techniques.
