J. Monroe Thorington

**The Glittering Mountains of Canada: A Record of Exploration and Pioneer Ascents in the Canadian Rockies, 1914-1924** J. Monroe Thorington

*"This then is a book of mountaineering, not presenting the Canadian Rockies in their entirety — no single volume will ever do that — but including many of the finest things. It is also a book of mountain travel, under conditions such as perhaps the European traveller experienced in the Alps during the Eighteenth Century. Finally, it is a book of mountain history; for here is Geography in the making, and with a tradition behind it — a story that has never been properly gathered together, and whose details, in part at least, are gone forever." — from the Preface by J. Monroe Thorington*

Completely re-edited, re-designed and containing with an impressive collection of archival photos and maps, *The Glittering Mountains of Canada* is a must-read for anyone interested in mountain literature. The book's position in the pantheon of outdoor writing as a "classic" is only further enhanced and supported by the passionate Foreword by well-known mountain historian and environmental writer Robert William Sandford, who urges the contemporary reader to embrace Thorington's belief in the importance of landscape and the poetry of place. This is a book that deserves to be read and appreciated alongside the work of Wallace Stegner, Henry David Thoreau and Sid Marty.
