The Year of the Angler and the Year of the Trout: Tales of Fly Fishing, Rivers, the Environment, and Life Steve Raymond

The Year of the Angler and *The Year of the Trout* have long been underground classics, the kind of books used-book sellers can't keep in stock, the ones its owners won't loan out. Now they're back in print, under one cover.

Arnold Gingrich, the fly-fishing maven and editor of *Esquire*, ranked Steve Raymond with the great fishing writers, and Gingrich knew writers and good writing. So great is its reputation, that a copy of *The Year of the Angler* was presented to the White House by the American Booksellers Association.

Raymond fishes Western waters, particularly the Northwest. Here are accounts of adventures on the Hoh, the Duwamish, the North Fork of the Stillaguamish, the Hanford Reach of the Columbia, Pass Lake, and Columbia Basin Pond. Here, too, are affectionate portraits of the great fish of those waters, the sea-run cutthroat, salmon, steelhead, rainbow, and brown trout.

And solid advice on catching them. Raymond tells stories, too, of men like John Huelsdonk, the Iron Man of the Hoh, who killed one hundred cougars.

As much as it is a book about fish and rivers, it is also a book about life, about the passage of time, the seasons, man and his place in the environment, family, pain and pleasure. Truly a classic, **The Year of the Angler and the Year of the Trout** will find a place on every serious angler's shelf, if only to replace one imprudently loaned to a friend.
