**Vatican II: Did Anything Happen?** John W. O'Malley, Joseph A. Komonchak, Stephen Schloesser, Neil J. Ormerod

For 40 years a battle has been waged over Vatican II between conservatives and liberals, between those who want to go "back to the sources" and those who champion "the spirit of the council." *Vatican II: Did Anything Happen?* is clearly on the side of those who think something unprecedented happened, that a genie was let out of the bottle that will never be stuffed back.

Comprised mainly of a collection of articles, mostly but not all from *Theological Studies*, that are without qualification some of the best analysis of the council ever written, this book is a long overdue look at one of the most controversial and revolutionary chapters in the history of the Catholic Church.
