Women Lead the Way: Your Guide to Stepping Up to Leadership and Changing the World Linda Tarr-Whelan

Offers practical steps for women to bring their passion, brains, and background to the power tables and make life better for themselves, their company or organization and global society.

- Combines compelling research, international experience, and fascinating personal stories with solid advice
- Tarr-Whelan has extensive background as a business woman, a government official, a non-profit leader, and a nurse

A few “first women” are making key decisions in high places but a few is not enough to have a significant impact. Changing what gets decided takes changing who makes the decisions. But with just 17% of Congressional seats and 14% of Fortune 500 board seats held by women, the leaders defining priorities and solutions continue to look and act much the same as generations ago.

Linda Tarr-Whelan marshals eye-opening facts and figures to decisively dispel the myths that still hold women back and shows women how to build their confidence and skills to pioneer a distinctive approach to leadership, one that emphasizes collaboration, communication and consensus. The proven tipping point, surprisingly, is just 30%—when women’s representation at the top reaches 30%, real change starts to happen. Drawing on her extraordinarily diverse background as a consultant, organizer, and diplomat, Tarr-Whelan offers a women-led strategy for change and a complete set of practical road-tested tools readers can use to become powerful partners in creating a better future in a rapidly changing world.

Closing the leadership gap is a win for everyone—it brings in new ideas, creates a more balanced and productive work environment, a revitalized social compact and demonstrable positive effects on the bottom line in business and government. *Women Lead the Way* artfully combines advocacy, research, and tactical guidance to help readers wedge the door open and bring more women through and up.
