## **Your Midwest Garden: An Owner's Manual** Jan Rikkenbach

It's a rare midwesterner who doesn't grow something, whether potted plants on a porch, caged tomato vines, a blooming border, or a solitary rose. And it's an even rarer midwestern gardener who isn't sometimes flummoxed by extremes of weather, pesky insects and persistent diseases, or simple questions about what to plant where. For nearly four decades, Jan Rikkenbach has given these gardeners answers, as well as a weekly dose of gentle humor and wise counsel, in her widely syndicated newspaper column, *Midwest Gardening*. *Your Midwest Garden* draws on these columns to offer readers in America's heartland all the gardening information they want and need, along with plenty they might not even suspect they're missing.

Annuals and perennials, shrubs and vines, fruits and vegetables, wildflowers, bulbs, and herbs: As readable as it is useful, this book reviews the familiar, reconsiders old favorites, and introduces dozens of surprising and seldom-grown plants ideal for Midwest gardens and landscapes. Illustrated with color photos from the author's garden, it provides tips on plant placement and care, starting seeds and making compost, matching specimens and sites, combating insects and diseases, simplifying garden chores, designing for winter beauty, and myriad other ways of enriching and enjoying your Midwest garden.

#### **Guadalupe McCoy:**

As a scholar exactly feel bored to reading. If their teacher questioned them to go to the library as well as to make summary for some publication, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the educator want, like asked to the library. They go to presently there but nothing reading significantly. Any students feel that reading is not important, boring and also can't see colorful photos on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Your Midwest Garden: An Owner's Manual can make you feel more interested to read.
