*Mary Wollstonecraft, Mary Shelley*

**Mary; Maria / Mathilda (Otras Latitudes nº 26) (Spanish Edition)** Mary Wollstonecraft, Mary Shelley  
Este libro reúne por primera vez tres apasionadas novelas de «la extraordinaria pareja» formada por una madre y su hija: Mary Wollstonecraft y Mary Shelley, precedidas de una valiosa introducción de Janet Todd, especialista en la obra de Mary Wollstonecraft y Jane Austen.

El núcleo de las tres obras es la exploración en torno a la identidad y a la subjetividad femeninas, atrapadas en el «círculo mágico» de la feminidad convencional y de la claustrofóbica unidad familiar. Tanto Mary como Mathilda son obras pasionales e introspectivas. Maria es una novela con más conciencia social que destaca por la manera en que pasa de la experiencia inmediata de la autora a mostrar los complejos infortunios de mujeres de diferentes clases. Está considerada el texto feminista más radical de la Wollstonecraft y supone una extensión de su famosa Vindicación de los derechos de la mujer.

Las dos escritoras, especialmente Mary Shelley (autora de Frankenstein), dotan a sus novelas de un marcado carácter autobiográfico. Sus páginas nos llevan a lo mejor del Romanticismo inglés: en ellas nos encontraremos con la Naturaleza, con relaciones apasionadas y con esa pulsión suicida tan propia de la época.
