**Techniques en arthroscopie du membre inférieur: Monographie SOFCOT (French Edition)** Christophe Hulet, P.H. Flurin

Cette monographie fait le point sur les derniers développements en matière d'arthroscopie du membre inférieur. Elle permet aux chirurgiens orthopédistes de mettre à jour leurs connaissances sur les dernières avancées techniques liées à la discipline. Cet ouvrage décrit avec précision et exhaustivité les techniques en arthroscopie de la hanche, du genou et de la cheville. Il aborde en détail l'ensemble des temps opératoires, depuis l'installation, le type de matériel utilisé, sa mise en place, les voies d'abord, jusqu'aux suites opératoires à donner. Le lecteur pourra ainsi mettre concrètement en œuvre les techniques chirurgicales parmi les plus innovantes de sa spécialité au service d'une indication chirurgicale mûrement posée. Coordonné par deux spécialistes de la chirurgie ostéo-articulaire, l'ouvrage est le fruit de la grande expérience d'une cinquantaine de collaborateurs, tous spécialistes largement reconnus au plan national ou international.

Il s'adresse aux chirurgiens orthopédistes - en formation, confirmés ou experts -, mais aussi aux médecins et aux rééducateurs soucieux de découvrir les aspects techniques pouvant les aider dans la prise en charge, le suivi ou la rééducation des diverses pathologies évoquées.

Jean-François Potel est chirurgien orthopédiste, praticien libéral à la clinique Médipôle Garonne, Toulouse. Christophe Hulet est chirurgien orthopédiste, professeur des universités - praticien hospitalier, chef du service de chirurgie orthopédique et de traumatologie du CHU de Caen.

#### **Emily Meredith:**

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Techniques en arthroscopie du membre inférieur: Monographie SOFCOT (French Edition) can make you sense more interested to read.

#### **Jose Rivera:**
