**Zechariah (Reformed Expository Commentary)** Richard D. Phillips

The book of Zechariah records the prophetic message of Zechariah to the community that had returned to Jerusalem after the Babylonian exile and was charged with rebuilding the temple and city. But the physical return was meant to prompt a spiritual and theological return to faith in the Lord.

Zechariah called the people to such a true return and reassured them of the Lord's willingness to receive them and restore to them the promised blessings. It is a book with an eschatological perspective of special value to Christians today who labor for reformation and long for revival.

As are all of the books in the Reformed Expository Commentary series, this exposition of Zechariah is accessible to both pastors and lay readers. Each volume in the series provides exposition that gives careful attention to the biblical text, is doctrinally Reformed, focuses on Christ through the lens of redemptive history, and applies the Bible to our contemporary setting.
