**Sentiments et émotions: Essai sur les sciences sociales (Proximités Sociologie) (French Edition)** Gilles Ferréol

En mars 2014, s'est tenu à Besançon, à l'initiative du laboratoire C3S, un colloque pluridisciplinaire consacré aux sentiments et aux émotions. Vingt-cinq communications, regroupées en trois grandes parties, ont été retenues et retravaillées pour la publication de ces Actes. Dans un premier temps, l'accent est mis sur des éléments de cadrage et de problématisation afin de bien définir ces notions, de mieux cerner leurs caractéristiques et d'approfondir leurs significations. De nombreuses études de cas, relatives aux dynamiques organisationnelles et aux politiques de santé, puis aux productions artistiques, au champ sportif et à la socialité, illustrent ces propos et invitent à la triangulation des outils d'investigation, des méthodes d'analyse et des grilles de lecture.
