Wicked women abound in these stories. They scheme and plot their ways through life, trampling obstacles in their path. One finds her man via vigils in her walnut tree, another stalks her lover over continents. Yet another finds a novel way to mourn her husband's death. But life is not always kind to wicked women. Some fall on their own swords, specially those living in a land where men are men and women are, well, merely wives. This collection of humorous stories is by Allegra Field, author of *The Fishing Game*.
