From Book 1: An all-new *Star Trek* series begins!

A new mission: The late twenty-third century—Starfleet’s golden age of exploration. Desperate to stay one step ahead of its rivals, the Federation sends two starships, the scout *Sagittarius* and the cruiser *Endeavour*, to plumb the secrets of the vast region known as the Taurus Reach.

A doomed race: Drawn by mysterious energy readings to a lush green world, the crew of the *Sagittarius* find the Tomol: a species whose members all commit ritual suicide just as they reach the cusp of adulthood.

An old foe: The crew of the *Sagittarius* wants to save the Tomol from their cycle of self-destruction, but first they’ll need to save themselves—from the most nefarious Klingon starship commander in history.

Terrie Newlin:

As a university student exactly feel bored to be able to reading. If their teacher expected them to go to the library or make summary for some publication, they are complained. Just minor students that has reading's heart or real their interest. They just do what the professor want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that studying is not important, boring and also can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Star Trek Seekers (4 Book Series) can make you truly feel more interested to read.
