Old Wives' Tales and Other Women's Stories Tania Modleski

Alerting readers to a body of recent work that has gone under-examined, Tania Modleski redraws in **Old Wives' Tales** the perimeter of popular culture. A critical analysis of films such as *The Ballad of Little Jo*, *The Piano* and *Dogfight*, *Old Wives' Tales* also takes up performance, autobiographical experience, and contemporary social issues to illustrate how women's genres mediate between us and reality. Modleski examines the changes occurring in traditional women's genres, such as romances and melodrama, and explores the phenomenon of female authors and performers who "cross-dress"--women, that is, who are moving into male genres and staking out territory declared off-limits by men and by many feminists.
