The Oxford Movement in Context: Anglican High Churchmanship, 1760-1857 Peter B. Nockles

This study breaks new ground in setting the Oxford Movement in its historical and theological context. Peter Nockles conducts a rigorous examination of the nineteenth-century Catholic revival in the Church of England, and shows that in many respects this revival had been anticipated by a revival of the Anglican High Church tradition in the preceding seventy years. No other study offers such a comprehensive treatment of the extent of divergence, as well as of continuity, between the Oxford Movement and the older High Churchmanship preceding it.
