Wege In Die Psychologie, by Gerd Mietzel from Germany, is a book about psychology common sense popular in Europe more than 30 years and reprinted 23 times. The author describes expressions that readers are familiar with and chooses professional term in extremely careful way; it adopts daily examples and launches self experience in a strong attempt to describe and explain psychological process that every reader will observe upon themselves and friends or acquaintances. The book also covers basic knowledge---tell the reader what problems current psychology has answered and what has escaped. Since German and Austria are the home of psychology, it is of great enlightening significance to Chinese academic circles. The core of the book is to teach us how to use psychology to solve the problems of daily life. The book is rich and colorful physically that it covers illustrations, lists, examples and extended information along a single main line.
